It is the policy of the MISD that no person, on the basis of race, creed, color, religion, national origin or ancestry, age, sex, height, weight, marital status, or disability shall be discriminated against, excluded from participation in, denied the benefits of, or otherwise subjected to discrimination in any program or activity for which it is responsible.

Early Literacy Book List 2024

The Macomb Intermediate School District strives to help ALL students in Macomb County reach their full potential. We encourage you to foster a love for literacy by reading to your child at least 15 minutes every day. This list was developed to help you choose books that suit and interest your child. Research shows that there are six early literacy skills that children must know before they can learn to read. When you read to your child, you promote each of these important skills.

Print Motivation - A child's enjoyment and interest in books.

Print Awareness - Refers to a child's understanding that print conveys meaning, has different functions, and is organized in a certain way.

Letter Knowledge - Learning that letters have names and are different from each other, and that specific sounds go with specific letters.

Phonological Awareness -The ability to hear and manipulate the smaller sounds in words.

Vocabulary - Knowing the name of things.

Narrative Skills - Being able to understand and tell stories.

Reading to children is one of the best ways to put them on the road to success. **You** have a tremendous influence on getting your child ready to read.

Read On!
