Child Recruitment and Enrollment

Guiding Principle:

Children will be enrolled into GSRP programs in accordance with the State of Michigan rules and regulations outlined in the GSRP Implementation Manual, Recruitment and Enrollment section.

1. Macomb ISD allows all sub-recipients to collect applications and enroll eligible families.
2. Completed applications are received and reviewed for eligibility, based on grant guidelines.
3. The Macomb ISD GSRP grantee and its sub-recipients will work in conjunction with the local Head Start program in jointly recruiting eligible children and communicating with families.
4. Children determined to potentially be eligible for Head Start will be sent to Head Start, along with the Macomb ISD Referral form. The Referral form must be faxed within 48 hours of receiving the child's application. Head Start will send back the referral form within 2 weeks, to notify the sub-recipient if the child is enrolled in Head Start or can be released to GSRP.
5. Head Start will attend the GSRP Eligibility Meeting each year to ensure GSRP Sub-recipients understand the process above and to share Head Start offerings for families.
6. Macomb ISD, Head Start and the Macomb Great Start Collaborative have developed a recruitment flyer that is shared with all sub-recipients and families to recruit eligible families.
7. GSRP sub-recipients will prioritize applications based on the Participant Eligibility and Prioritization Guidelines from MDE, enrolling highest needs children first. Priority given to families between 0-50% FPL (Federal Poverty Level), then proceeds to children in families between 51-100% FPL, 101-150% FPL, 151-200% FPL, and then 201-250% FPL. Programs may only enroll families within the 0-100% FPL if the procedures regarding a Head Start Referral have been followed prior to enrollment in GSRP.
8. Income verification documentation and process as outlined in the GSRP manual must be followed to ensure income eligible children are enrolled in GSRP. Income verification is found in the "Eligibility" section of the Implementation Manual.
9. Sub-recipients must wait to enroll families over 250% of FPL until August 31. Any over income applicant must be approved by MISD. 15% of the slots can be set aside for families whose income is above 250% of the FPL. These families will pay a sliding fee scale. Priority is determined by the income and number of risk factors the family has.
10. Sub-recipients are encouraged to reserve a minimal number of slots for admittance after the start date in September so that needy, late enrolling families have an opportunity to participate in GSRP.
11. A child must be 4 years of age on or before September 1. However, a provision exists for parents who wish to request a waiver from the September 1 enrollment date for children who turn 4 after September 1, but on or before December 1. Children with submitted waiver applications MAY NOT be considered for enrollment until after September 1.
12. Sub-recipients are required to keep a wait list and enter the list into the Spring Early Childhood Collection. In order to serve all eligible families Sub-recipients should refer families to programs with openings or to a MISD GSRP Coordinator. (If applicable)
13. The MISD will provide annual training on recruitment and enrollment procedures.
14. Great Start to Quality is shared with families looking for additional care.

Out of County Enrollment

1. PA 196 provides for parent choice to enroll in a GSRP in a non-resident ISD. It states "An intermediate districts or consortium of intermediate school districts receiving a grant under this section shall allow parents of eligible children who are residents of the intermediate school district or within the consortium to choose a program operated by or contracted with another intermediate school district or consortium of intermediate school districts and shall pay to the educating intermediate districts or consortium the per-child amount attributable to each child enrolled pursuant to this sentence, as determined under Section 39."
2. Sub-recipients may enroll students from out of county after they have enrolled all Macomb County children first. They must notify the MISD of children who are out of county to ensure that the MISD has a written contract with the other county. (see below)

Macomb Intermediate School District GSRP Guidance for Children with IEPs

GSRP requires that families are ranked by FPL and the programs children with the lowest income first. When a child has an IEP the following guidance is followed:

1. Any child with an IEP recommending placement in an inclusive preschool setting must be considered to be in the lowest quintile level 0-50%. This with additional eligibility factors must be considered when prioritizing children for enrollment.
2. No more than 25% of the children in the classroom should be children with an IEP.
3. Additional guidance is followed when determining if a child with an IEP should be placed in a GSRP classroom. (See below)
 - a. Local districts may determine, through the IEP team that the GSRP is the least restrictive environment for children who qualify for special education services.
 - b. A child may be placed in a GSRP classroom in two ways:
 - i. By qualifying for GSRP and receiving additional ECSE services, or
 - ii. Through the blending of programs and braiding of GSRP and ECSE funding.

In any case, the IEP team should have representation of parents and the GSRP teacher as it considers the following questions:

1. Do all parties feel that the IEP fully meets the child's needs?
2. Does the IEP declare the GSRP as the Least Restrictive Environment (LRE)?
3. Was the GSRP teacher a part of the IEP team?
4. Are consultation meetings between special education staff and the GSRP teaching team written into the IEP? Can the child's needs for special services be met in the context of GSRP?
5. What additional support or accommodations will be necessary so the child can participate fully in the activities and environment of GSRP?
6. What percent of children in the classroom have IEPs? Individual classroom needs and resources are taken into consideration, such as the variety and degree of disability as well as adult/child ratio in a classroom. Best practice for inclusive classrooms limits the percentage of children with IEPs to no more than 25 percent.

Planning for a child to attend both part-day GSRP and part-day ECSE, is not typically supported. If discussed as a possibility, there are many additional considerations. Transition between programs is critical to consider. Is it in the child's best interests to participate in two programs, possibly with different facilities, staff, peers, routines, behavior, and academic expectations? Could the child's needs be met with placement into GSRP and special education services occurring in a play-based setting, within the GSRP classroom? If the child transfers each day between programs, how are his/her lunch and rest period accomplished?

Additional Guidelines

The decision on whether a child with an IEP is placed in GSRP should be based on what is best for the child and not on what is easiest/preferred for any of the adults involved.

Placement should be based on the needs of the child and not what kind of service is needed (i.e., children with difficulties in social emotional development may benefit from interaction with other children in a social situation).

Special education services necessary to meet the goals of the child will be provided within the context of the GSRP program.

If a child with an IEP who is in a GSRP classroom requires adult support in the classroom, it should be provided by Special Education.

There may be exceptional cases where everyone agrees it is best to place a small group of 3-4 children with IEPs in a GSRP classroom along with an extra assistant, funded by Special Education, to support them.

Children who attend GSRP in districts where they do not reside and are recommend for Special Education evaluations should be evaluated in their home districts.

Considerations

Districts generally don't write IEPs that include a recommendation for an inclusive classroom as they would need to pay for it.

If districts indicate that 1755 services will be offered, it indicates that the child received service in an inclusive environment. This may include that GSRP is an appropriate placement but the district must understand what kinds of children benefit from such placements and make the decision based on child rather than adult factors.

There are benefits to the GSRP teachers in working with Special Education staff. They can get ideas for children with challenges not serious enough for Special Education, learn from modeling of the Special education staff, etc...

There are benefits to the Special Education staff in working with GSRP teachers. They can get ideas for supporting students within general curriculum and learn from modeling of the GSRP staff.

EXAMPLE

Agreement

This is intended to be a contract between:

Macomb ISD, 44001 Garfield Road, Clinton Township, Michigan 48038

Term:

The term of this agreement shall commence upon October 1, 2016 and shall continue until such time that either party requests termination as provided under this agreement; or upon the publication of new guidance from the Michigan Department of Education; or upon a change in the legislation impacting GSRP cross-ISD enrollment. This agreement is in effect when either or both parties have unfilled Great Start Readiness slots available.

The provisions of this contract are as follows:

- The educating ISD will ensure all Michigan Department of Education (MDE) reporting requirements are completed accurately and on time. This includes fiscal reports, Michigan Student Data System (MSDS) enrollment demographic reports, and the Child and Staff Information Reports. The Educating ISD is the Fiscal Entity and receives payment from MDE for the slot(s).

The educating ISD will also notify the parent that the delivery of some or all special education services within the classroom setting, may be impacted by the cross-ISD enrollment.

Responsibilities of the Resident ISD under this Agreement:

- The resident ISD shall have no responsibilities for payment or reporting under this agreement.

Macomb County GSRP Enrollment Guidelines

1. Programs may begin collecting applications in the spring.
2. Families that are under 100% FPL must be referred to Head Start.
3. Once programs receive confirmation of their GSRP slots from the MISD, you may begin enrolling families below the 250% FPL following the prioritization process (keep in mind that you should continue to leave a few open slots for the neediest families).
4. Beginning August 31 you may begin enrolling over income families.
5. Children who turn 4 by September 1 are eligible for GSRP. If a child turns 4 after September 1 but before December 1 they may not be considered for enrollment until after September 1.
6. When an out of county child wants to enroll in your program you must contact Kelly Adamek.
7. Remember to continue to fill GSRP slots when families leave your program. This should be going on all year to ensure we serve as many eligible children as we can. Open slots may result in a reduction of GSRP funding.

Closure Procedures

Guiding Principle:

In the event a sub-recipient declines to participate in GSRP or if a sub-recipient contract is terminated the following procedures will apply:

Procedures:

1. If the sub-recipient declines to participate in GSRP, written notification must be made to the ISD within 30 days prior to termination.
2. If the ISD were to terminate a sub-recipient GSRP contract, written notification will be given within 30 days of termination, unless a licensing/GSQ/fiscal violation has been established. In this case the ECC can terminate immediately. Termination may be with or without cause. Possible reasons for termination may include:
 - a. There is a decrease in the community need or quality of the program.
 - b. Sub-recipient has not complied with GSRP grant requirements, Childcare Licensing rules, Great Start to Quality or other requirement at the discretion of the ECC.
 - c. If upon termination of GSRP slots the sub-recipient was found by Childcare Licensing to be on any type of provisional license due to a special investigation, the sub-recipient will not be considered to partner with the MISD for GSRP slots until they have been clear of any special investigation for two consecutive years. After that time the sub-recipient may reapply for GSRP partnership.
3. In the event that a sub-recipient's GSRP slots are terminated for a period of time, all items listed below will be on hold until if/when the termination is final.
4. Upon notification of termination, an inventory must be provided by the sub-recipient to the ISD within 10 days. All equipment and supplies remaining must be returned to the ISD to be used in another GSRP program to which the slots are moved.
5. If termination occurs during the school year, the ISD will lead transitioning activities with the goal of preventing a break in service to children and minimizing distress to children and families.
6. Upon closure of a program, the administrator of the GSRP will work with the MISD ECC, ECS and/or the Finance Department for final invoice and payment structure.
7. If a program closes during the school year, a prorated rate will be paid for the slots allocated in the ISD/sub-recipient agreement.
8. Upon closure of a program, the children's files will be transferred to the ISD for secure storage or transfer to another program if possible during the school year.
9. Upon closure of a program, the sub-recipient will transfer all administrative files to the MISD within 60 days of closure.
10. Upon closure of a program, all remaining reports covering the period of time for which the sub-recipient participated must be completed by the sub-recipient.

Communication

Guiding Principle:

The Macomb ISD Early Childhood Contact ensures timely and accurate information is provided to all sub-recipients as part of the monitoring process.

Procedures:

1. Communication with families will be carried out on a regular basis throughout the program year, and carried out in the families primary or preferred language whenever possible. Various methods will include but not limited to:
 - a. Local Family Participation Group Meetings and Minutes
 - b. Parent Teacher Conferences
 - c. Home Visits
 - d. Newsletters
 - e. Open House
 - f. Social Media
 - g. Parent Café (hosted by Great Parents Macomb)
 - h. Great Start Collaborative Meetings
2. Communication with local family participation groups and the MISD's GSRP Advisory structure will provide on a regular basis the following:
 - a. Procedures and timetables will be shared for program planning
 - b. MDE communications and updates will be shared in regards to policies, guidelines, and other communications.
 - c. Program plans, policies, procedures and grant application will be shared and discussed including any financial reports.
3. Communication with staff will include mechanisms for regular communications among all program staff by:
 - a. We have an email chain of command established. MDE communications are immediately shared from the ECC to the Chief Academic Officer. Emails are sent to the sub-recipients (including the ECSs) from the Chief Academic Officer and the ECC.
 - b. Updates to annual written plans will be communicated in a timely manner
 - c. CRN meetings will be held 4 times per year
 - d. ECS meetings are held a minimum of 5 times per year
 - e. CBO meetings are held a minimum of 5 times per year
 - f. The ECS will meet with sub-recipients to review the previous year's Classroom Coach/Class, set goals and follow-up with post conferences after the Spring Classroom Coach/Class.
 - g. ECS will provide ongoing PD and support for the programs they work with. Communication is the main key for the ECS while working with teachers. The ECS will maintain communication throughout the year regarding goals, Classroom Coach/Class outcomes, and any and all quality improvement measures.

Conflict Resolution Protocol

Guiding Principle:

In the event that an area of conflict or disagreement may arise, the following process will be taken to ensure conflicts are addressed in a formal matter:

Procedures:

1. A sub-recipient with a complaint involving the Macomb ISD Great Start Readiness Program is encourage to first attempt to resolve the matter informally by telephone, email, or via a meeting. If the informal conflict resolution process is unsatisfactory and the sub-recipient wishes to register a formal complaint, a sub-recipient shall submit a detailed written description of the issue which forms the basis of the complaint to the GSRP Early Childhood Contact (ECC) Macomb ISD, 44001 Garfield Rd, Clinton Twp. MI 48038.
2. Receipt of a formal written complaint the ECC will promptly send a written conformation to the sub-recipient acknowledging receipt of the complaint. A meeting will also be scheduled to discuss and seek agreement and resolution of the formal complaint. Areas of conflict and disagreement will be addressed by:
 - a. Identifying the areas of agreement.
 - b. Identifying the areas of disagreement.
 - c. Exploring facts: What is the data and what does it tell us?
 - d. Exploring methods: How should we do what we need to do?
 - e. Reviewing goals: What is our objective?
 - f. Reviewing beliefs: why do we each think it must be done a particular way?
 - g. Reaching a consensus so that we can move forward with the areas of agreement.
 - h. Continuing to address the points of disagreement on an ongoing basis.
3. The ECC shall issue a written decision regarding the sub recipient's formal complaint within fifteen (15) working days following completion of the meeting.
4. When areas of conflict and disagreement cannot be resolved and the sub recipient elects to pursue the complaint further, the sub recipient may, within five (5) working days after receipt of the ECC's written decision, file a written appeal to the County wide GSRP Advisory Committee. The appeal must state all facts and arguments upon which is the appeal is based. The Advisory Committee will meet to discuss the appeal, notify the sub recipient of the meeting date, and render a written decision within fifteen (15) days following completion of the meeting.
5. The sub-recipient may, within five (5) working days after receipt of the County wide GSRP Advisory Committee's written decision, file a written appeal to the Macomb ISD Superintendent. Upon receipt of the formal written appeal, the superintendent will meet to discuss the appeal, notify the sub-recipient of the meeting date, and render a written decision within fifteen (15) days following completion of the meeting.

Funding Application

Guiding Principle:

A comprehensive, annual community needs assessment shall be conducted to determine eligible children in Macomb County.

Procedures:

1. Annually, Macomb ISD early childhood staff shall collect the most up-to-date child population, existing pre-k slots, free and reduced lunch count and other factors.
2. The School Readiness Advisory Committee reviews which areas in the county have waitlists and how long those waitlists are in order to determine where there might be a high number of 4 year olds that qualify for GSRP. The team also reviews which areas in the country have open slots in order to (a) determine where there may not be as high of a need and (b) to discuss recruitment methods in these areas. In addition, the team discusses cross-ISD enrollment (location and need) as well as community based partners.
3. The chairs of the SRA committee along with the GSC Director work to complete the CNA. They discuss what data needs to be gathered from each potential GSRP site and an electronic survey is sent out. This includes questions about the number of kindergartners and children that qualify for free and reduced lunch, and the number of slots requested. They decide where there may be more need for GSRP slots in the county and how to provide classrooms for that need (including thoughts about CBOs).
4. The SRA committee examines final slots awarded for the county. The team reviews distribution and enrollment to date. This is also when the team reviews what percentage of slots are provided to CBOs and discusses new CBO partners. The team also reviews via GIS mapping of Macomb County based on quadrants, the distribution of slots compared to the number of eligible children in that quadrant.
5. The plan will be shared with the Great Start collaborative for feedback and input on potential sited including CBOs.

Community Partnerships

Guiding Principles:

It is the goal of the Macomb ISD to provide high quality preschool programs for four year old children who may be at risk of school failure. Through the Great Start Collaborative, School Readiness Committee and other community agencies, the Early Childhood Contact and GSRP Coordinator will reach out to potential community based partners who have obtained a 3 star rating.

Procedures:

1. Child care directors will be sent an informational letter highlighting the important points about the program. A grant application will be sent to all licensed providers by email and through mail, within 7 days of receiving slot allocations for Macomb.
2. Child Care Center Directors will be contacted once they have submitted their grant application, by the GSRP Coordinator, for a site visit. A rubric will be completed by the Coordinator and the Director. Once all necessary documents have been reviewed by the ECC, a follow-up visit will be conducted to review the centers potential status as a GSRP site.
3. Child Care Directors will receive an invitation to attend all GSRP informational meetings at the MISD as well as become part of the local CRN group. Additional arrangements will be made for those partners that cannot attend during the day. A representative from ELC is in attendance to help with any GSQ rating questions.
4. All efforts will be made to ensure Macomb ISD is increasing their community partnership with potential centers. Documentation will be kept with the GSRP Coordinator to reflect these efforts. They will also be shared and reviewed with the GSC and School Readiness Committee.
5. All licensed providers will be contacted through the Early Learning Community hub. ELC will encourage 3 STAR programs to contact the ISD on information regarding GSRP.

The above is contingent on MDE's guidance when additional GSRP funding is not granted.

* See process for selecting sub-recipients and awarding slots.

Fiscal Policy and Review

Guiding Principle:

Sub-recipient notification of written fiscal procedures for slot award and transportation allocations, including timelines for submissions and budget amendments is an important part of GSRP. Written procedures ensure that sub-recipients submit accurate budgets and receive timely payments.

Procedures:

1. Sub-recipients will be notified via email of their slot award and corresponding transportation allocation following notification from MDE of final allocations. This typically occurs in July.
2. Slot and transportation budgets are due in October. Sub-recipients are notified of the exact date and given enough time to complete and return for approval. The MISD will provide sub-recipients with the updated yearly GSRP budget template and supporting documents such as:
 - a. Capital outlay request forms
 - b. Building cost worksheet
 - c. GSRP staff responsibilities template
 - d. GSRP function codes
 - e. Percentage of MISD administrative cost/ECS fees
 - f. Online Classroom Coach cost
 - g. Online child assessment cost
 - h. Food Cost Invoice
3. Final Expenditure and Carryover budgets are due in November. Sub-recipients are notified of the exact date and given enough time to complete and return for approval.
4. Budgets will be collected and reviewed by the Macomb ISD business office and the GSRP Early Childhood Contact/Coordinator/GSRP Fiscal Compliance. Budgets will only be approved if expenditures are allowable, reasonable, and necessary to the program.
5. If a budget amendment needs to be made, the sub-recipient must notify the ECC and Macomb ISD business office of the changes for approval. Upon approval from MDE a request for budget amendments is sent out to all sub-recipients in January. At this time programs can make any necessary changes to their budgets to more closely align final expenditures.
6. Sub-recipients that receive state funding will receive 11 monthly payments. They will be mailed to the sub-recipients as soon as the MISD receives the check from MDE. This is usually at the end of each month.
7. Sub-recipients that receive Federal funding will submit for reimbursement on a monthly basis.
8. All receipts and payroll must be kept at the sub-recipient level. The Macomb ISD will conduct fiscal reviews on programs and will request receipts, payroll, invoices, etc. After the review programs will receive documentation on the review and any concerns.
9. Professional development will be provided annually for business officials and GSRP sub-recipient contacts regarding budget timelines, process for submitting budgets, and process for payment.
10. Sub-recipients will be required to keep an inventory list of items purchased with GSRP funds.
11. Food cost invoice and/or other documentation will be reviewed annually.
12. All Community Based Partners will receive a fiscal binder that they will maintain and provide during a fiscal review. The binder will be monitored at least 3 times per year by the MISD.
13. All Community Based Partners will complete the annual GSRP budget and final expenditures/carryover report with the GSRP Fiscal Compliance Coordinator at the Macomb Intermediate School District

Monitoring Sub-recipients

Guiding Principles:

Macomb ISD, as the GSRP grantee, has the responsibility to monitor program quality to ensure that all sub-recipients comply with all program requirements as stated in the GSRP implementation manual. All GSRP sub-recipients will be monitored annually.

Procedures:

1. The Sub-recipient must submit a budget to the Early Childhood Coordinator using the forms provided. The budget will be reviewed and either returned to the Sub-recipient for amendments or approved by the Early Childhood Coordinator, the Early Childhood Coordinator and the ISD Finance Department. The budget must be approved before any funds are distributed to the Sub-recipients.
2. Each sub-recipient must submit any over income tuition statements/receipts as requested by the MISD.
3. The term of the contract shall be for a period of 12 months commencing on October 1st and shall continue through and include September 30. Funds will be distributed to the sub-recipients in equal installments spread over 11 months.
4. Any amendments to the budget must be approved prior to new budgets being adopted. (See Fiscal Planning and Review section)
5. Sub-recipients will maintain current licensing of facilities and program by the Department of Human Services and report to the Early Childhood Coordinator in writing within 10 days of receipt of a violation of licensing. The MISD works closely with Childcare Licensing to ensure all programs follow licensing rules.
6. In the event that a sub-recipient is put on any type of a provisional license, the MISD ECC will determine if the sub-recipient will remain a GSRP partner.
7. The ECS will monitor adult/child ratio, class size, hours and weeks of operation. A GSRP yearly calendar will be given to the ECS each year for approval.
8. Per legislation, Sub-recipient will participate in Michigan's Great Start to Quality system on an annual basis and maintain a minimum Star rating of 3.
9. Sub-recipient will provide to the Early Childhood Specialist upon request copies of evidence of parental engagement including but not limited to newsletters, parent logs, copies of home visits and conferences. This information will be kept in the GSRP classroom binders and monitored each year by the MISD.
10. Sub-recipients will provide to the Early Childhood Specialist copies of all required certifications of Teachers and Teacher Assistants. Within 10 days of a staff member change, the ECS shall be notified in writing of the change with copies of required certifications. Any Compliance Plans must be written and approved by the ECS/ECC.
11. Sub-recipient will participate in professional development provided by the MISD. The professional development aligns with sub-recipient needs based on data and annual training on the Classroom Coach, Great Start to Quality, Curriculum, Assessment and developmental screeners.
12. Sub-recipients will be required to participate in the National School Nutrition Program and/or the Child and Adult Snack Program. Monthly invoices will be turned in to the MISD for monitoring purposes.
13. The Early Childhood Specialist and the Early Childhood Coordinator will monitor the intake, enrollment and wait list to develop programs in areas of the ISD where there is student need.

14. The ECC and GSRP Coordinator will monitor program policies identified in the GSRP implementation manual. Each GSRP classroom will be required to maintain a classroom binder. The binders will be available for MISD review and will contain examples of the following:
 - a. Newsletters and parent involvement
 - b. Conference and home visit schedules
 - c. Lesson plans-including virtual lessons if applicable
 - d. Personnel records
 - e. Copy of Classroom Coach/Class
 - f. Program goals
 - g. Family Participation agendas
 - h. GOLD/COR data
 - i. ECS visit forms
 - j. Teaching team letters
 - k. Transition plans into and out of GSRP
15. Fiscal reviews will be conducted randomly each year by the MISD. A site visit will be scheduled and the GSRP budget will be reviewed alongside receipts, invoices, payroll, etc. Programs will receive a follow-up after the visit with any concerns.
16. Monitoring reviews will be conducted randomly each year by the MISD, using the Accountability Checklist. Programs will receive a follow up with any concerns. Programs that are determined to be non-compliant will be placed on a probationary period for one year. In the event that the program does not reach compliant status, it will be at the discretion of the ECC if seats will be allocated. .
17. The MISD will monitor children's files for eligibility each year using the child file review form. In addition class lists may be requested for enrollment verification purposes.
18. Continued monitoring of program requirement and quality is ongoing. When the MISD receives a complaint against a sub-recipient, the program is contacted immediately. If the program is found to be out of compliance with a GSRP requirement a citation will be given. Programs with Continued citations and concerns will be at the discretion of the ECC in regards to continued slot awards.

If needed the MISD will share a report of noncompliance with the sub-recipient. A follow-up meeting will be scheduled as needed. If areas of improvement are found, the sub-recipient will be required to develop an improvement plan in collaboration with the ECC. The plan will include areas of improvement and action steps that will be taken to implement a timeline for completion.

Sliding Fee Tuition Scale***

- Families whose income falls below 250% of the Federal Poverty guidelines pay no fee for preschool tuition.
- Families whose income is above 250% of the Federal Poverty guidelines will pay the following fee for preschool tuition:

Weekly Tuition Rates	Below 250% of the Federal Poverty Level	251%-300% of the Federal Poverty Level	301% and Above of the Federal Poverty Level

- Tuition fees from families must be expended within the fiscal year that they were collected.
- Parents who pay tuition may not incur expenses for other portions of the program, such as meals or transportation.
- The number and severity of risk factors and local prioritization of factors contributing to educational risk must be incorporated into enrollment practices for over-income families. Documentation of risk factors must be kept in each child’s file.

Macomb Intermediate School District Process for Selecting Sub-recipients and Awarding Slots

It is the goal of the Macomb Intermediate School District to provide high quality preschool programs for four year old children who may be “at risk” of school failure. The following criteria will be used to determine 2022-23 funding for sub-recipients of the Macomb ISD GSRP grant.

Calculation of Total Community Need for GSRP Slots

For FY23 the Michigan Department of Education prepopulated the Community Needs Assessment for all ISDs using the American Community Survey.

For FY23 a survey was given to current school districts and PSA’s/CBO’s requesting GSRP seats.

Involvement of the GSRP Advisory Committee in Analyzing Data /Decision Making

The ECC is a leader in the School Readiness Advisory Committee which operates as a workgroup the GSC. The advisory committee meets to review and make recommendations on areas in the county that have a wait list and the areas that are in need of additional classrooms. Using the CNAA data and collected data on potential partners (applications, rubric, percentage of slots awarded to CBOs) the committee makes recommendations on final slots awarded to the county.

The Percentage of Slots Awarded to CBOs in the Previous Grant Year

MISD increased the percentage of slots awarded to CBOs from fiscal year (FY) 2016 from 26% to 30% in fiscal year (FY) 2017. Extensive outreach has led to the impressive increase.

For FY20 if an increase of funds is awarded to the MISD, the enhanced funding will be given to new high quality CBO partners. If the MISD determines that at this time there are no potential new CBO sites then funds will be given to other sub recipients waiting for slots.

Conditions for the Continued Awarding of Slots to Current Sub-recipients

If the total number of funded slots for Macomb County remains unchanged for the 2022-23 school year, the following criteria will be utilized to allocate slots to GSRP sub-recipients:

1. Priority will be given to maintain the existing 2021-22 slot allocation for current sub-recipients.
2. In order to maintain as a GSRP sub-recipient, existing sub-recipients must demonstrate a required standard of quality. Programs that receive citations will be at the discretion of the ECC. Multiple citations may result in a decrease of GSRP funding. This may also include a change in the quality of the program as documented on the Accountability Checklist
3. Classroom Coach/Class will be analyzed and used to measure growth and quality of a classroom. Programs will be using the Classroom Coach for the 2022-23 school year. Head Start Blends will be using CLASS.
4. Per legislation, sub-recipients must have at least a rating of 3 stars in the Tiered Quality Rating and Improvement System. Any changes to the programs STAR rating or licensing status, will be made available to MDE and decisions will be made as to if the sub-recipient shall remain a GSRP partner.
5. Sub-recipients must maintain a regular licensing status. Those that are put on a provisional will be at the discretion of the MISD/MDE as to the status of GSRP at that site.
6. Macomb ISD GSRP sub-recipients will continue to be required to use an approved curriculum; Teaching Strategies GOLD or the Child Observation Record (COR) assessment.
7. If an existing program fails to meet and maintain these quality standards, they may be given probationary status for one year in order to implement a quality improvement plan with the support of the Macomb ISD.

Steps Taken to Increase the Ability of CBOs and LEAs not yet Serving as Sub-recipients to Receive Slots

In light of legislature, the Macomb ISD in collaboration with the Great Start Collaborative School Readiness Committee has developed a thorough process to inform, communicate, and to really try to encourage partners (including new LEAs) to serve as GSRP sites. We are finding much success (please see attached/slot allocation plan to community partners) with our detailed process as the ECC is reviewing applications and is in the process of meeting with potential community based partners. In addition, we will be contacting CBOs that may or may not have been identified by the Great Start Quality Resource Center as achieving a 3 or higher star rating. The MISD is now at 34% of CBO partners and continues to increase.

In regards to LEAs, the ECC continues to meet with asst. superintendents/curriculum directors at county-wide monthly meetings. The meetings have been VERY successful as Macomb has increased their GSRP slots by over 50% within the last two years! The MISD has also brought in a new PSA partner for the 2022-2023 school year.

Decrease in Slots

In the event there is a reduction of slots to the Macomb ISD, the reduction will be applied equally on a prorated basis across all GSRP sites (i.e. if there is a 1% total reduction of slots to the county, each individual GSRP would receive a 1% reduction of slots, rounded to the nearest number).

Increase of Slots

The following criteria will be used to decide among programs requesting additional slots.

- Preference will be given to existing GSRP programs that have maintained quality. The goal is to provide families with high quality preschool experiences throughout the county.
- A new high quality community partner will be given preference over an existing LEA or PSA offering the same services, until the MISD reaches its mandated 30% community partners.
- A survey will be used to collect wait list data on existing programs. Preference will be given to those programs that have children on a wait list.
- Programs will be rated on such factors as the proximity of the site offered to other existing sites and areas of high need within the district. Additional services offered to families will be considered such as transportation, extended hours, etc.
- In addition to the enrollment survey, the Spring Early Childhood MSDS Collection will provide data on sub-recipient slots and how many they actually filled. If programs did not fill all of their current year slots, additional slots will not be given.
- Existing programs wishing to increase their slots will be prioritized based on examples of the following: wait list, need of the community, ability to maintain high quality classrooms, staff turnover, program concerns/citations, ability to work well with families, resources available to children, participation in PD and required MISD meetings.
- Existing community based organizations (CBO's) wishing to open new centers or move existing awarded GSRP classrooms to another location must complete a new CBO partner application for that specific location. The application will be included with other potential CBO's requesting GSRP slots.

Reaching Out To Community Partners

It is the goal of the Macomb ISD to provide high quality preschool programs for four year old children who may be at risk of school failure. Through the Great Start Collaborative, School Readiness Committee and other community agencies, the Early Childhood Contact and GSRP Coordinator will reach out to potential community based partners who have obtained a 3 star rating.

Procedures:

1. Child care directors will be sent an informational letter highlighting the important points about the program. A grant application will be sent to all licensed providers by email and through mail annually.
2. Child Care Center Directors will be contacted once they have submitted their grant application, by the GSRP Coordinator, for a site visit. A rubric will be completed by the Coordinator and the Director. Once all necessary documents have been reviewed by the ECC, a follow-up visit will be conducted to review the centers potential status as a GSRP site.
3. Child Care Directors will receive an invitation to attend all GSRP informational meetings at the MISD as well as become part of the local CRN group. Additional arrangements will be made for those partners that cannot attend during the day. A representative from ELC is in attendance to help with any GSQ rating questions.
4. All efforts will be made to ensure Macomb ISD is increasing their community partnership with potential centers. Documentation will be kept with the GSRP Coordinator to reflect these efforts. They will also be shared and reviewed with the GSC and School Readiness Committee.
5. All licensed providers will be contacted through the Macomb Resource Center. The Resource Center will encourage 3 STAR programs to contact the ISD on information regarding GSRP.

Communicating Slots NOT being Awarded

A phone call from the Early Childhood Contact will be made and a letter will be sent to the community based partner outlining why the agency was not awarded slots.

Appealing the Decision

The agency will have to request a formal review of their grant application and rubric. A meeting will be scheduled to allow the agency to formally appeal the decision. The review team will consist of members of the School Readiness Advisory Committee.

Partnering to Build Capacity

The Early Childhood Contact is a member of the Great Start Collaborative School readiness Advisory Committee. A recommendation will be made to add a partnering to build capacity (for community based GSRP) goal to the Great Start Collaborative Strategic Plan. The committee will work to identify a potential list of partners based on high quality preschool programming.

Dear Child Care Center Director,

The Great Start Readiness Program (GSRP) is a state funded preschool program for 4 year old children who have risk factors that might make it more difficult for them to succeed in school and in life. Recent Michigan legislation calls for our county to try and serve up to 30% of GSRP children in community child care centers like yours. Centers may be nonprofit or profit but they must have earned a rating of three (3) or higher on the Great Start Quality self-assessment by the time the program is awarded to them. In order to determine if you might be interested and/or eligible, please consider these points:

- Families may not be charged for any part of the GSRP experience, including field trips, meals, or transportation. While meals must be provided, transportation is optional.
- GSRP is a very regulated program and the state spells out clearly what funded recipients need to do in terms of teacher qualification, class size, curriculum used, screening and assessment procedures, parent involvement and participation, home visiting, recruitment and enrollment of children, etc. More information about the regulations can be found at www.michigan.gov/gsrp. Click on GSRP at a Glance in the box titled Eligibility, Allocations, and Awards. For more in-depth information, review the GSRP Implementation Manual posted on the website.
- Centers will be required to follow recognized rules of accounting to receive funds. The Macomb Intermediate School District will also monitor each center to insure that they are following all GSRP rules. This includes audits of children's files and completing Program Quality Assessments (PQAs) in the GSRP classrooms.
- Staff responsible for the GSRP program in your center would be expected to follow the High Scope Curriculum or Creative Curriculum used in all Macomb County GSRP programs, as well as attend the Children's Resource Network meetings held four/five times per year at the Macomb Intermediate School District.
- You may not use a religious curriculum, however, you do not have to take down or cover up religious materials.

The Macomb Intermediate School District is ready and willing to provide the ongoing support and direction needed to make this program a success. We would encourage you to contact us at 586.228.3480 or 586.228.3468 if you are interested in learning more or have any questions about implementing the program during the school year.

In keeping with this intent, the Michigan Department of Education (MDE) has designated regional educational service agencies and intermediate school districts the responsibility to provide GSRP program direction and application oversight.

NOW, THEREFORE, in consideration of the mutual promises contained in this Affiliation Agreement, the Macomb ISD and the LEAs/PSAs/CBOs agree as follows:

1. Services to be provided. Subject to the terms and conditions of this Agreement, MISD agrees to perform all listed services and shall comply with any legal requirements, requirements of the Great Start Readiness Program (GSRP) and the relevant Department of Human Services Childcare Licensing Requirements, and these shall be provided in a professional manner.

2.  - c. During the 2022-23 school year the sub-recipient understands that programming must occur in person or funding will not be received.
 - d. If COVID-19 challenges continue and the sub-recipient remains closed or open in a limited way, sub-recipients will comply with any Executive Orders from the Governor's office and guidance provided by MDE and the MISD.

10. The Sub-recipient ensures the required number of qualified staff in each classroom based upon the number of children enrolled in the program. Adult-child ratios (1:8) will be maintained with consistent adults. Licensing ratio violations will be discussed with administrators for immediate correction. Failure to correct will be reported to LARA, as required by law. In cases of COVID-19 or other health emergency reduction in number of children in a classroom and social distancing requirements may be in effect, the Sub-recipient will adhere to LARA and MDE guidance and adult child ratios will be maintained.

STUDENT SECLUSION AND RESTRAINT

This policy is intended to provide the framework for organizational supports that result in effective interventions based on team-based leadership, data-based decision-making, and continuous monitoring of student behavior, regular universal screening and effective on-going professional development. The District is committed to investing in prevention efforts and to teach, practice and reinforce behaviors that result in positive academic and social outcomes for students.

In the event that staff members need to restrain and/or seclude students, it must be done in accordance with this policy, which is intended to:

- promote the care, safety, welfare and security of the school community and the dignity of each student;
- encourage the use of proactive, effective, evidence and research based strategies and best practices to reduce the occurrence of challenging behaviors, eliminate the use of seclusion and restraint, and increase meaningful instructional time for all students; and
- ensure that seclusion and restraint are used only as a last resort in an emergency situation and are subject to diligent assessment, monitoring, documentation and reporting by trained personnel.

In furtherance of these objectives, the District will utilize Positive Behavioral Interventions and Supports (PBIS) to enhance academic and social behavior outcomes for all students. PBIS implemented by the District will include socially valued and measurable outcomes, empirically validated and practical practices, systems that efficiently and effectively support implementation of these practices, and continuous collection and use of data for decision-making.

Documenting Challenging Behaviors

When teaching teams observe an ongoing challenging behavior that is putting the child, other children and/or adults in the classroom at risk of harm such as: deliberately hurting staff or other children by hitting, biting, kicking, etc. then the following steps **MUST** be followed:

- Immediately contact the program’s Early Childhood Specialist. The ECS will set up a time to stop by the classroom and observe the behavior, then meet with the teaching team to share the observation and discuss next steps
- Teaching teams must have documentation of the time/part of the day when the observable behavior is occurring, the frequency of the behavior, as well as triggers that might be causing the behavior
- Teaching teams must have documentation of the strategies that they have been consistently implementing in the classroom to address the behavior, such as what was done to teach the child social-emotional skills? What was done to teach the appropriate behavior? What visuals were used? etc.
- Documentation of any follow up with the family

Behavior Intervention Plan

If the ECS feels that a Behavior Intervention Plan is necessary to support the child's social and emotional development, then a meeting will be set up with the ECS, teaching team, administrator, parent(s)/guardian(s), and any other individuals that should be included

The Behavior Intervention Plan will include (but not limited to) the following:

- Documentation of the ongoing behavior in the classroom
- Strategies and techniques that the teaching teams consistently implemented to support the child

- A plan for next steps

A copy of the Behavior Intervention Plan will be signed by all attendees. A copy is given to all parties included in developing the plan, and will be placed in the child file – A follow up meeting will be scheduled within one month

Reminders

- **GSRP children should not be sent home for exhibiting challenging behaviors. If an emergency/safety situation related to a behavior occurs, the teaching teams/administrators must reach out to the ECS immediately and based on the situation a decision will be made on how to proceed**
- **Teaching teams/administrators cannot meet with the parent to set up a Behavior Intervention Plan without the consent of the ECS**

Seclusion and Restraint

- The use of seclusion and restraint is not allowed in a GSRP Classroom. If emergency restraint has been used with a child, the GSRP staff MUST have documentation and contact their ECS. The ECS will be responsible for sharing it with the MISD Early Childhood Contact and GSRP Coordinator
