

## Literacy Intervention Network K-5

The purpose of the Intervention Network is to provide participants with ongoing professional learning to deepen knowledge surrounding effective evidence based literacy practices centered on the Essential Instructional Practices in Early Literacy and the Michigan ELA Standards.

The network will engage participants in updates regarding legislation impacting literacy. Collaboration is a key component during the course of the network as literacy leaders partner to share ideas and experiences from across the county.

The Literacy Intervention Network is intended specifically for Title 1 teachers, literacy interventionists, ELA teachers, special education teachers and support staff working with elementary students K-5.
